MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2023**

As management of Orange County Public Schools (the "District"), we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended June 30, 2023.

Financial Highlights

- The assets and deferred outflows of the District exceeded its liabilities and deferred inflows at the close of the most recent fiscal year by \$6,047,486,876 (*net position*).
- The District's total net position increased by \$667,812,550. This increase is primarily attributable to the ongoing investment of the District in new schools and the renovation of existing schools supported by sales tax proceeds and other capital outlay revenues.
- Total revenues of \$3,446,709,412 were comprised of general revenues in the amount of \$3,208,055,997, or 93.1 percent, and program specific revenues from charges for services, grants and contributions in the amount of \$238,653,415, or 6.9 percent.
- For the year ended June 30, 2023, the District had \$2,778,896,862 in expenses related to governmental activities; \$238,653,415 of which were offset by program specific charges or services, grants and other sources. General revenues (primarily taxes and state funding programs) of \$3,208,055,997 were sufficient to provide for the District's programs.
- As of the close of the current fiscal year, the District's governmental funds reported combined ending fund balances of \$3,075,212,518, an increase of \$553,432,950 in comparison with the prior year. Approximately 3.5 percent of this total amount, \$107,608,952 is available for spending at the District's discretion for the purposes defined for each governmental fund (*unassigned fund balance*). The remaining balance of \$2,967,603,566 has been designated as Nonspendable, Restricted, Committed or Assigned.
- At the end of the current fiscal year, unassigned fund balance for the general fund was \$107,608,952, or 5.7 percent of total general fund expenditures.
- The District's total long-term debt for bonds, subscription leases and COP's decreased by \$52,256,785, or 5.1 percent, during the current fiscal year, primarily due to principal payments.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

Government-wide financial statements. The *government-wide financial statements* (or district-wide financial statements) are designed to provide a broad overview of the District's finances, in a manner similar to a private-sector business.

ORANGE COUNTY PUBLIC SCHOOLS
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2023

The *statement of net position* presents information on all of the District's assets, deferred outflows, liabilities, and deferred inflows, with the difference reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The *statement of activities* provides information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in the future fiscal periods (e.g., uncollected taxes, other post-employment benefits, and earned but unused vacation and sick leave).

All of the District's activities and services are reported in the *government-wide financial statements*, including instruction, pupil support services, instructional support services, administrative support services, facility maintenance, transportation, and food services. Property taxes, state assistance, and interest and investment earnings finance most of these activities. Additionally, all capital and debt financing activities are reported here. The District currently does not report any business-type activities, which would include functions that are intended to recover all or a significant portion of their costs through user fees and charges.

The government-wide financial statements include not only the District itself (known as the *primary government*), but also the School Board of Orange County Employee Benefits Trust and the Orange County School Board Leasing Corporation. The School Board of Orange County Employee Benefits Trust (Trust) and the Orange County School Board Leasing Corporation (Corporation), although also legally separate, were formed to administer the District's group health and life insurance program and facilitate financing for the acquisition of facilities and equipment, respectively. Due to the substantive economic relationships between the District and the Trust and Corporation, their financial activities have been included as an integral part of the primary government.

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District can be divided into two categories: governmental funds and proprietary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, and on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

**ORANGE COUNTY PUBLIC SCHOOLS
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2023**

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the District's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains 11 individual governmental funds. Information is presented separately in the governmental balance sheets and in the governmental statements of revenues, expenditures and changes in fund balances for the General Fund, Capital Projects – Capital Improvement Tax Fund, Capital Projects – Other Capital Projects Fund, and Special Revenue – Education Stabilization Fund which are considered to be major funds. Data from the other 7 governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements* elsewhere in this report.

The District adopts an annual appropriated budget for its general fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget.

Proprietary funds. The District maintains one type of proprietary fund – internal service funds. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the District's various functions. The District uses internal service funds to account for its self-insurance programs, employee benefits trust and printing services. Because these services benefit the District's governmental functions, they have been included within *governmental activities* in the government-wide financial statements.

The three internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds are provided in the form of *combining statements* elsewhere in this report.

Notes to the financial statements. The notes provide additional information that is essential to fully understanding the data provided in the government-wide and fund financial statements.

Other information. The combining statements referred to earlier in connection with nonmajor governmental funds and internal service funds are presented immediately following the notes to the financial statements.

Government-Wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the District, assets and deferred outflows exceeded liabilities and deferred inflows by \$6,047,486,876 at the close of the most recent fiscal year.

The largest portion of the District's net position (63.9 percent) reflects its investment in existing capital assets (e.g., land, buildings, machinery, and equipment), net of accumulated depreciation and less any related debt used to acquire those assets that is still outstanding. The District uses these capital assets to provide educational and related services to its students; consequently, these assets are not available for future spending. Although the District's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. A portion of the District's net position (42.6 percent) reflects its restricted net position for capital projects, debt service, food service and other purposes. The District will use these resources in a continuing effort to build and refurbish sufficient classroom space for the growing student population in Orange County, Florida.

The balance of (\$393,803,908) is shown as unrestricted (deficit) net position. The deficit balance in unrestricted net position is primarily due to reporting of the District's proportionate share of the State's pension liability.

**ORANGE COUNTY PUBLIC SCHOOLS
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2023**

Overall, the District's net position increased by \$667,812,550 during the current fiscal year, primarily due to building of capital fund resources for future school renovations and construction projects as well as the expansion of the digital curriculum initiative.

**ORANGE COUNTY PUBLIC SCHOOLS
MANAGEMENT’S DISCUSSION AND ANALYSIS
June 30, 2023**

The largest revenue source for the District is from the State of Florida, Florida Education Finance Program (FEFP), which is presented as part of grants and contributions not restricted to specific programs in the chart below. FEFP is based on a formula that utilizes student enrollment data and is designed to maintain equity in funding across all Florida school districts, taking into consideration the District’s funding ability based on the local property tax base. Overall, revenues presented in grants and contributions not restricted to specific programs increased \$47,503,029 or 3.6% over the prior year.

Property tax revenues increased by \$184,511,361, or 16.8 percent versus the prior fiscal year. The increase in property tax revenues was driven by increases in the assessed taxable property values.

The District also receives a voter-approved half-cent surtax authorized under Section 212.055(2), Florida Statutes. The District receives their allocation of the surtax revenues through an interlocal agreement on taxable sales generated in Orange County from January 1, 2016 to December 31, 2025. For the current year, sales tax revenues totaled \$368,290,467.

Revenue by Source – Statement of Activities

**ORANGE COUNTY PUBLIC SCHOOLS
MANAGEMENT’S DISCUSSION AND ANALYSIS
June 30, 2023**

Expenses by Function – Statement of Activities

Total expenses were \$2,778,896,862, which was an increase of \$250,229,015 or 9.9 percent from the prior year. This increase was primarily the result of increases in facilities acquisition and construction as well as operation and maintenance of facilities. Instruction expenses were 51.1 percent of the total government-wide expenses compared to the prior year’s proportion of 53.4 percent.

Financial Analysis of the Government’s Funds

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. The focus of the District’s *governmental funds* is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the District’s financing requirements.

As of the end of the current fiscal year, the District’s governmental funds reported combined ending fund balances of \$3,075,212,518 an increase of \$553,432,950 in comparison with the prior year. Approximately 3.5 percent of this total amount, \$107,608,952, constitutes unassigned fund

balance. The remainder of fund balance is nonspendable of \$2,596,092, restricted of \$2,565,926,905 or assigned of \$399,080,569, which are not available for new spending.

The *General Fund* is the chief operating fund of the District. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$107,608,952, while total fund balance was \$540,052,448. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total expenditures. Unassigned fund balance represents 5.7 percent of total General Fund expenditures, while total fund balance represents 28.4 percent of that same amount.

The fund balance of the District's General Fund increased by \$115,095,518 during the current fiscal year. The key factors in this increase was due to a high number of unfilled positions across the District, higher interest earnings than in previous years, and non-recurring federal stabilization funds as a result of the pandemic.

The *Federal Education Stabilization Fund*, which is used to account for funds from the State or Federal Government which are restricted for Federal programs. The fund had revenues and expenditures of \$228,650,350. Funding was mainly used for instruction and student support services. Grant revenues are not recognized until expenditures are incurred; this fund does not accumulate a fund balance.

The *Nonvoted Capital Improvement Tax Fund*, which is used to account for capital project activity funded from the nonvoted capital improvement tax, has a total fund balance of \$426,483,637, all of which is restricted for specific capital projects. The net increase in fund balance during the current year in the local capital improvement tax fund was \$59,606,035 and resulted primarily from funds being reserved for future planned expenditures.

The *Other Capital Projects Fund*, which is used to account for capital project activity funded sources such as Certificates of Participation, Sales Tax and Impact Fees, has a total fund balance of \$1,801,577,026, all of which is restricted for specific capital projects. The net increase in fund balance during the current year in the other capital projects fund was \$350,851,237 and resulted primarily from funds being reserved for specific capital projects.

General Fund Budgetary Highlights

There was no change in the General Fund budgeted revenues of \$2,013,315,375 or General Fund budgeted appropriations in the amount of \$2,064,854,813.

General Fund revenues were less than budgeted revenues by approximately \$22.4 million. The State revenue was less by approximately \$76.3 million. General Fund actual expenditures were less than the budgeted appropriations by approximately \$161.0 million, due to the delay of planned expenditures for several major initiatives.

Capital Asset and Debt Administration

Capital assets. The District's investment in capital assets as of June 30, 2023, amounts to \$4,821,183,652 (net of accumulated depreciation). This investment in capital assets includes land, construction in progress, improvements other than buildings, buildings and fixed equipment, furniture, fixtures and equipment, motor vehicles, audio-visual materials, computer software and SBITAs. The total increase in the District's investment in capital assets (net of accumulated depreciation) for the current fiscal year was \$67,002,371 (1.4 percent).

Major capital asset events during the current fiscal year included the following:

- Rebuilding of Acceleration Academy East
- Rebuilding of Acceleration Academy West
- Rebuilding of Colonial High School 9th Grade Center
- Construction of Horizon West High School
- Rebuilding of Jones Elementary School High School
- Rebuilding of Orlando Technical College East
- Rebuilding of West Orange High School
- Construction of Hamlin Middle School
- Construction of Hamlin Elementary School
- Construction of Kelly Park School
- Construction of Stonewyck Elementary School

MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2023**

Economic Factors and New Year's Budgets and Rates

The following factors were considered in preparing the District's budget for the 2024 fiscal year:

- The unemployment rate in June 2023 for the District (Orlando, Florida) was 3.0 percent, a decrease of .2 percent from the prior year rate of 3.2 percent. The State's average unemployment rate, as of June 2023, was 2.6 percent. Florida's unemployment rate has decreased .2 percent since last year while the nation's unemployment rate remained the same at 3.6 percent.
- OCPS final enrollment was 213,701, an increase of approximately 3,398 students. The District is forecasting growth of approximately 6,765 students in FY2023-2024.
- The Orange County School Board pays \$928.86 per month for each full-time benefited employee. For the 2022-2023 plan year, that equates to \$9,289.
- The District will continue to provide devices to students for its one-to-one digital curriculum initiative and has budgeted funds to build infrastructure and provide devices for all students.
- Unassigned fund balance in the General Fund at June 30, 2023 was \$107,608,952. The District has assigned \$387,983,008. Of this amount, \$334,193,523 was assigned for Encumbrances and Budget Appropriations, which are included in the 2024 fiscal year budget. The remainder, \$53,789,485 for Other Postemployment Benefits (OPEB), is a long-term liability and as such is not included in the 2024 fiscal year budget.

Although current estimates indicate that no subsequent reductions will be required, the historical experience where adjustments were made causes some concern regarding the consistency of state funding for the current year. The District has therefore been proactive and set aside adequate reserves to deal with such a contingency should it materialize.

Requests for Information

This financial report is to provide a general overview of the District's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Chief Financial Officer, Orange County Public Schools, 445 W. RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET
TO THE GOVERNMENT-WIDE STATEMENT OF NET POSITION
June 30, 2023**

Total Fund Balances - Governmental Funds \$ 3,075,212,518

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets, net of accumulated depreciation, used in governmental activities are not financial resources and, therefore, are not reported as assets in the governmental funds.

Non-Depreciable Assets	\$ 682,564,174	
Depreciable Assets	4,138,619,478	
		4,821,183,652

Internal Service funds are used by management to charge the costs of its self-insurance programs and the print shop. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net position, less furniture and equipment, net of accumulated depreciation.

Total Assets - Internal Service Funds	\$ 217,138,513	
Less: Total Liabilities - Internal Service Funds	(93,193,186)	
Less: Depreciable Assets Reported Above	(114,921)	
		123,830,406

Interest on long-term debt is accrued as a liability in the government-wide statements, but is not recognized in the governmental funds until due, except for accrued interest received as part of a debt issue.

Accrued Interest Payable - Government-Wide Statement of Net Position	(13,216,205)
--	--------------

Deferred outflows and inflows of resources related to pensions are applicable to future periods and, therefore, are not reported in the funds.

Deferred outflows of resources related to pensions	\$ 421,496,746	
Deferred inflows of resources related to pensions	(65,965,496)	
		355,531,250

Deferred outflows of resources related to the deferred amount on refunding are applicable to future periods and, therefore, are not reported in the funds.

Deferred outflows of resources related to the deferred amount on refunding	\$ 55,522,548	
	(5,921,488)	
		49,601,060

Earned revenues not received within the availability period are reported as unavailable revenues in the governmental funds, but are recorded as revenue in the government-wide statements.

Earned revenues not received within the availability period are reported as unavailable revenues in the governmental funds, but are recorded as revenue in the government-wide statements.	33,111,215
--	------------

Deferred outflows and inflows of resources related to other post employment are applicable to future periods and, therefore, are not reported in the funds.

Deferred outflows of resources related to OPEB	\$ 18,781,587	
Deferred inflows of resources related to OPEB	(12,636,573)	
		6,145,014

Long-term liabilities are not due and payable in the current period and, therefore, are not reported as liabilities in the governmental funds. Long-term liabilities at year-end consist of:

SBITA	\$ 10,489,919	
Certificates of Participation Payable	971,704,841	
Compensated Absences Payable	131,826,821	
Other Postemployment Benefits	53,789,485

RECONCILIATION OF THE GOVERNMENTAL FUNDS
STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES
TO THE GOVERNMENT-WIDE STATEMENT OF ACTIVITIES
For the Fiscal Year Ended June 30, 2023**

Net Change in Fund Balances - Governmental Funds	\$	553,432,951
Amounts reported for governmental activities in the statement of activities are different because		
Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount of capital outlays in excess of net loss on sale and depreciation expense in the current period.		
Capital Outlay net of amount not capitalized	\$	261,441,950
Net Loss on Sale		(22,540,019)
Depreciation Expense		<u>(171,899,560)</u>
		67,002,371
Long-term debt proceeds provide current financial resources to governmental funds, but issuing debt increase long-term liabilities in the statement of net position. Repayment of long-term debt is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. This is the net effect of these transactions.		
		57,970,791
SBITA Other Financing Sources		
		(14,768,798)
Deferred charges associated with long-term debt issued in a prior period are reported in the statement of activities, but are not a current financial resource and, therefore, are not reported in the governmental funds. This is the net decrease in deferred charges during the current period.		
		(5,921,488)
Premiums and discounts on debt issued are reported in the governmental funds in the year the debt is issued, but are deferred and amortized over the life of the debt in the statement of activities.		
		9,054,793
Interest on long-term debt is recognized in the governmental funds when due, but is recognized as interest accrues in the statement of activities.		
		331,692
In the governmental funds, revenues cannot be recognized until they are available to pay liabilities of the current period. In the statement of activities, revenue is recognized as soon as it is earned regardless of its availability. This is the effect of timing differences between the two methods of revenue recognition.		
		30,041,291
In the statement of activities, the cost of compensated absences is measured by the amounts earned during the year, while in the governmental funds, expenditures are recognized based on the amounts actually paid for compensated absences. This is the net amount of compensated absences earned in excess of the amount paid in the current period.		
		(6,542,786)
In the statement of activities, the cost of other postemployment benefits is measured by the change in the net OPEB obligation during the year, while in the governmental funds, expenditures are recognized based on the amounts actually paid for the OPEB costs. This is the amount paid in excess of the change in OPEB obligation in the current period.		
		(138,613)
In the statement of activities, the cost of pension benefits is measured by the increase in the net pension liability during the year, while in the governmental funds, expenditures are recognized based on the amounts actually paid for the pension expense. This is the amount of the change in net pension liability in excess of the amount paid in the current period.		
		(25,666,250)
Internal service funds are used by management to charge the cost of certain activities, such as insurance to individual funds. The net revenue of internal service funds is reported with governmental activities.		
		<u>3,016,597</u>
Change in Net Position - Governmental Activities	\$	<u>667,812,551</u>

DISTRICT SCHOOL BOARD OF ORANGE COUNTY
NOTES TO FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2023

The requirements related to the notes to financial statements are codified in Section 2300 of the Codification of Governmental Accounting and Financial Reporting Standards published by the Governmental Accounting Standards Board. The district is encouraged to use the notes to financial statements from the prior fiscal year audit as a guide for the current year's notes for consistency in financial statement presentation.

ORANGE COUNTY PUBLIC SCHOOLS
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2023

1. Summary of Significant Accounting Policies

Reporting Entity

Orange County Public Schools (the "District") has direct responsibility for operation, control, and supervision of District schools and is considered a primary government for financial reporting. The District is considered part of the Florida system of public education.

The governing body of the District is the Orange County District School Board (the "Board"), which is composed of eight elected members, seven board members elected by district and one Board Chairman elected at large. The appointed Superintendent of Schools (Superintendent) is the executive officer of the Board. Geographic boundaries of the District correspond with those of Orange County.

Pursuant to Section 1001.51(11)(d), Florida Statutes, the Superintendent is responsible for keeping records and accounts of all financial transactions in the manner prescribed by the Florida State Board of Education.

Criteria for determining if other entities are potential component units that should be reported within the District's basic financial statements are identified and described in the Governmental Accounting Standards Board's (GASB) *Codification of Governmental Accounting and Financial Reporting Standards*, Sections 2100 and 2600. The application of these criteria provides for identification of any legally separate entities for which the Board is financially accountable and other organizations that the nature and significance of their relationship with the Board are such that exclusion would cause the District's basic financial statements to be misleading or incomplete.

As required by accounting principles generally accepted in the United States (GAAP), these basic financial statements present the District (the primary government) and its component units. The component units discussed below are included in the District's reporting entity because of the significance of their operational or financial relationships with the District.

Blended Component Units - The District's employee group health and life insurance program, described in a subsequent note, is administered through the School Board of Orange County Employee Benefits Trust (Trust). Assets necessary to fund the program are transferred to the Trust; however, under the terms of the Trust Agreement, the School Board retains control of the assets. Due to the substantive economic relationship between the District and the Trust, the financial activities of the Trust are reported in the accompanying basic financial statements as an internal service fund.

The Orange County School Board Leasing Corporation (Leasing Corporation) was formed to facilitate financing for the acquisition of facilities and equipment as further discussed in a subsequent note. The Board of Directors of the Leasing Corporation are members of the Board who elect to serve as ex-officio Directors. Due to the substantive economic relationship between the District and the Leasing Corporation, the financial activities of the Leasing Corporation are included in the accompanying basic financial statements as part of debt service and capital projects funds. Separate financial statements for the Leasing Corporation are not published.

Discretely Presented Component Units - The component unit column in the government-wide financial statements includes the financial data of the District's other component units. The Foundation for Orange County Public Schools, Inc. (the Foundation) is a separate not-for-profit corporation organized and operated as a direct-support organization under Section 1001.453, Florida Statutes, to raise funds; receive, hold, invest and administer property and to make expenditures for the benefit of the District. Section 1001.453, Florida Statutes, requires the Foundation to be authorized

and approved by the District. The stated mission of the Foundation is to identify, develop and focus community resources to make a meaningful impact on the success of students and teachers of Orange County Public Schools. Because of the nature and significance of its relationship with the District, the Foundation is considered a component unit.

Charter schools included in the financial statements consist of the following for the year ended June 30, 2023: Access Charter School, Inc.; Sunshine High School – Central Orange County Campus, Inc. (d/b/a Aloma High School); Aspire Charter Academy; BridgePrep Academy of Orange County; Central Florida Leadership Academy Charter School; Sunshine High School - Orlando Campus, Inc. (d/b/a Chancery Charter High School); Sunshine High School – Greater Orlando Campus, Inc. (d/b/a Econ River Charter High School); Hope Charter School, Inc.; Innovations Middle Charter School; Innovation Montessori Ocoee High School, Inc.; Innovation Montessori Ocoee, Inc.; Lake Eola Charter School, Inc.; Legacy High School, Inc.; Legends Academy; Eagles’ Nest Community Charter Schools, Inc. (d/b/a Lucious and Emma Nixon Academy); Mater Academy Narcoosee; Mater Academy Narcoosee High; Orange County Preparatory Academy; Orlando Science Elementary Charter School, Inc.; Orlando Science Middle/High Charter School, Inc.; The Passport Charter School, Inc.; Pinecrest Collegiate Academy; Pinecrest Creek Academy; Pinecrest Preparatory Charter School (Orlando Campus); Pinecrest Academy Avalon; Princeton House Charter School, Inc.; Prosperitas Leadership Academy, Inc.; Renaissance Charter School at Chickasaw Trail; Renaissance Charter School at Crown Point; Renaissance Charter School at Goldenrod; Renaissance Charter School at Hunter’s Creek; Sunshine High School – Orange County Campus, Inc. (d/b/a Sheeler Charter High School); Sunshine High School – Greater Orlando Campus, Inc. (d/b/a Sunshine Charter High School); United Cerebral Palsy (UCP) Bailes Charter School; United Cerebral Palsy (UCP) Downtown Charter School; UCP East Orange Charter School; UCP Pine Hills Charter School; UCP Transitional Learning Academy Charter School; UCP West Orange Charter School; and Workforce Advantage Academy Charter High School, Inc. (Charter Schools) are separate not-for-profit corporations organized pursuant to Chapter 617, Florida Statutes, the Florida Not For Profit Corporation Act, and Section 1002.33, Florida Statutes. These charter schools operate under charters approved by their sponsor, the Orange County District School Board.

In accordance with the Florida Department of Education (FDOE) requirements, the charter schools are included as component units of the District. According to the FLDOE, the charter schools are fiscally dependent on the District for their tax levy and the majority of their funding, which creates a financial burden to the District because the charter schools’ full-time equivalent (FTE) student enrollment is the basis for the District to provide funding to the charter schools. In addition, the charter schools are reported as component units because they are considered to be misleading to exclude.

The following charter schools are reported by other governmental entities and are therefore not included in the District’s basic financial statements in accordance with generally accepted accounting principles; Oakland Avenue Charter School, Cornerstone Charter Academy, and Cornerstone Charter High School. The charter schools are organized under the Town of Oakland (Oakland Avenue), and the City of Belle Isle (both are Cornerstone Charter Schools).

The audits of the financial statements of the aforementioned charter schools and of the Foundation for the fiscal year ended June 30, 2023 were conducted by independent certified public accountants whose audit reports are filed in the District’s administrative office at 445 West Amelia Street, Orlando, Florida 32801.

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The basis of accounting refers to when revenues and expenses/expenditures are recognized in the accounts and reported in the

ORANGE COUNTY PUBLIC SCHOOLS
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2023

financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied.

Government-wide Financial Statements - The government-wide financial statements are prepared under the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash transaction takes place. Nonexchange transactions, in which the District gives or receives value without directly receiving or giving value in exchange, include property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

The Statement of Net Position and the Statement of Activities present financial information about the District's governmental activities. These statements include the financial activities of the government in its entirety. Governmental activities, which generally are supported by taxes and inter-governmental revenues, are reported separately from business-type activities, which are generally supported by fees charged. The District currently does not have any business-type activities.

The Statement of Net Position includes all assets, deferred outflows, liabilities, and deferred inflows of the District. The Statement of Activities presents a comparison between the direct expenses and program revenues for each function or program of the District's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Depreciation expenses associated with the District's transportation and maintenance departments are allocated to the transportation and maintenance of plant functions, while remaining depreciation expenses are not readily associated with a particular function and are reported as unallocated.

Amounts reported as program revenues include 1) charges for services provided to students for tuition, fees, rental, material, supplies, or other services, 2) operating grants and contributions, and 3) capital grants and contributions. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the District.

The District eliminates from the Statement of Net Position and the Statement of Activities most interfund receivables and payables and transfers between funds as well as the transactions associated with its Internal Service Funds.

Fund Financial Statements - The Governmental Fund Financial Statements are prepared utilizing the current financial resource measurement focus and the modified accrual basis of accounting. Revenues are recognized in the accounting period in which they become susceptible to accrual, that is, both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Significant revenues "susceptible to accrual" include ad valorem taxes, reimbursable-type grants and interest on investments. The District considers revenues from ad valorem taxes as available if they are collected within 60 days after year-end. Expenditures are recorded when the fund liability is incurred, which exclude unmatured principal and interest on general long-term debt and accumulated sick and vacation pay, OPEB, claims and judgements and certain prepaid items, which are recognized when due/paid. In applying the "susceptible to accrual" concept to revenues from federal and state sources, the legal contractual requirements of the numerous individual programs are used as guidance. There are, however, essentially two types of revenues. In one type, monies must be expended for the specific purpose or project before the District will receive any amounts; therefore, revenues are recognized based upon the occurrence of the expenditure. In the other type, monies

ORANGE COUNTY PUBLIC SCHOOLS
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2023

are virtually unrestricted as to purpose of expenditure and are usually revocable only for failure to comply with prescribed legal and contractual requirements. These resources are reflected as revenues at the time of receipt or earlier if the “susceptible to accrual” criteria are met. In all cases, monies received before the revenue recognition criteria have been met are reported as unearned revenue.

The Proprietary Fund Financial Statements are prepared under the economic resources measurement focus and the accrual basis of accounting.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund’s principal ongoing operations. The principal operating revenues of the District’s internal service funds are for self-insurance (property, casualty, liability, and worker’s compensation), employee benefits (health and prescription), and printing provided to other funds. Operating expenses for the internal service funds include salaries, employee benefits, purchased services, energy services, materials and supplies, claims expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

The fund statements provide information about the District’s funds. Separate statements for each fund category – governmental and proprietary – are presented. The emphasis of fund financial statements is on major funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as nonmajor funds. The District reports the following major funds:

General Fund - to account for all financial resources not required to be accounted for in another fund, and for certain revenues from the State that are legally restricted to be expended for specific current operating purposes. The General Fund is the District’s primary operating fund.

Special Revenue – Federal Education Stabilization Fund - to account for funds from the State or Federal Government which are restricted for Federal programs.

Capital Projects – Nonvoted Capital Improvement Section 1011.71(2), F.S. Fund – to account for the financial resources generated by Section 1011.71(2), Florida Statutes local capital improvement taxes (property taxes) and other local sources to be used for educational capital outlay needs, including new construction, renovation and remodeling projects and debt service payments.

Capital Projects - Other Capital Projects Fund - to account for the financial resources generated by certificates of participation, impact fees, lottery, sales tax and other local sources to be used for educational capital outlay needs, including new construction, renovation and remodeling projects and debt service payments.

Additionally, the District reports the following non-major fund types:

Special Revenue Funds - to account for the financial resources of the school food service program, certain grant program resources, the extended day childcare program, and other such restricted resources.

Debt Service Funds - to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related debt issuance costs.

Capital Projects Funds - to account for financial resources generated from allocations of state revenues that are to be used for educational capital outlay needs, including new construction, renovation and remodeling projects.

**ORANGE COUNTY PUBLIC SCHOOLS
NOTES TO BASIC FINANCIAL STATEMENTS

Internal Service Funds - to account for the District's limited self-insurance programs and printing service operations.

Fiduciary Funds – To account for the Foundation's custodial funds which are fiduciary in nature and are used to account for assets associated with certain scholarships help for others and for funds held for the schools and district.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, and then unrestricted resources as they are needed.

Budgetary Information

The Board follows procedures established by State statutes and State Board of Education rules in establishing budget balances for governmental funds as described below:

- Annually, budgets are prepared, public hearings are held, and original budgets are adopted for all governmental fund types in accordance with procedures and time intervals prescribed by State Statutes and State Board of Education rules.
- Appropriations are controlled at the function level (e.g., instruction, pupil personnel services, and school administration) and may be amended by resolution at any Board meeting prior to the due date for the annual financial report.
- Budgets are prepared using the same modified accrual basis as is used to account for governmental funds.
- Budgetary information is integrated into the accounting system and, to facilitate budget control, budget balances are encumbered when purchase orders are issued. Appropriations lapse at fiscal year-end and encumbrances outstanding are honored from the subsequent year's appropriations.
- The reported budgetary data consists of the original budget as well as the final appropriated budget after amendments are approved by the Board.

Cash and Cash Equivalents

Cash deposits are held in banks that qualify as public depositories under Florida law. All deposits are insured by Federal depository insurance and/or collateralized with securities held in Florida's multiple financial institution collateral pool required by Sections 280.07 and 280.08, Florida Statutes. For the Internal Service Funds, the statement of cash flows considers cash as those accounts used as demand deposit accounts.

Cash balances from all funds are combined and invested to the extent available. Earnings are allocated monthly to each fund based on a rolling 2-month average balance of cash and investments.

Investments and Restricted Investments

Investments consist of amounts placed with various intergovernmental investment pools which hold a majority of U.S. government securities, municipal securities and repurchase agreements. The investment earnings are allocated to each fund based on a rolling two-month average investment balance in that fund. Investments also consist of the State of Florida's Special Purpose Investment Account (SPIA) authorized in Section 17.61(1), Florida Statutes, Florida PRIME,

ORANGE COUNTY PUBLIC SCHOOLS
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2023

Florida Public Assets for Liquidity Management (FL PALM), formerly known as the Florida Education Investment Trust Fund, FL Class, Florida Safe, corporate bonds, municipal bonds, commercial paper, and United States instrumentality securities. The District's investment in SPIA is part of an investment pool managed by the Florida Department of Treasury, where the District owns a share of the pool, not the underlying shares of the assets in the pool. The District relies on policies developed by the State Treasury for managing interest and credit risk for this external investment pool.

Investments are valued at fair value, amortized cost, or net asset value, as applicable. The types and amounts of investments held at fiscal year-end are described in a subsequent note on investments.

Restricted investments consist of \$54,912,246 restricted for the repayment of certificates of participation principal and interest, and \$3,862,995 pledged to cover certain workers compensation claims.

Inventories

Inventories consist of expendable supplies held for consumption in the course of District operations. Transportation, custodial, and school supply inventories are stated at cost on a weighted average basis. Food service inventories are stated at cost on the last invoice basis, which approximates the first-in, first-out basis, except that United States Department of Agriculture donated foods are stated at their fair value as determined at the time of donation to the District's food service program by the Florida Department of Agriculture and Consumer Services, Bureau of Food Distribution. The costs of inventories are recorded as expenditures when used rather than purchased.

Capital Assets and Depreciation

Expenditures for capital assets acquired or constructed for general District purposes are reported in the governmental fund that financed the acquisition or construction. The capital assets acquired are reported at cost in the governmentwide statement of net position, but are not reported in the governmental fund financial statements. Capital assets are defined by the District as those which have an estimated life of one or more years and which have minimum cost by classification as follows: \$1,000 for furniture, fixtures and equipment, motor vehicles, audio visual materials, and computer software; \$100,000 for subscription-based information technology arrangements ("SBITA"); \$50,000 for improvements other than buildings and fixed equipment, and construction in progress; \$1,000,000 for lease assets. All land purchases are capital assets regardless of cost. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated assets are recorded at acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the values of the assets or materially extend assets lives are not capitalized and are expensed as incurred. Interest costs incurred during construction of capital assets are not considered material and are not capitalized as part of the cost of construction.

Capital assets of the primary government, excluding land and construction in progress, are depreciated/amortized using the straight-line method over the following estimated useful lives:

Current-year information relative to changes in capital assets is described in a subsequent note.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial net position reports a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to future periods, and therefore, will not be recognized as an outflow of resources (expense/expenditure) until that time. The District has three items that qualify for reporting in this category. The deferred outflows of resources related to pension, OPEB and the fair value of derivative instruments are discussed in subsequent notes. A deferred amount on refunding results from the difference in the carrying value of the refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition to liabilities, the statement of financial net position reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to future periods, and therefore, will not be recognized as an inflow of resources (revenue) until that time. The governmental funds report unavailable revenues, which arise only under modified accrual basis of accounting. These amounts are deferred and recognized as inflow of resources in the period that the amounts become available. The governmental activities report deferred inflows related to pension and OPEB, which are discussed in subsequent notes.

Unearned Revenue

Unearned revenue consists primarily of health insurance premiums collected from employees during the fiscal year for the coverage period extending through the plan year end of September 30.

Long-Term Liabilities

Long-term obligations that will be financed from resources to be received in the future by governmental funds are reported as liabilities in the government-wide statement of net position. Debt premiums and discounts, as well as deferred amounts on refunding, are deferred and amortized over the life of the debt using the effective interest method. Debt is reported net of the applicable bond premium or discount.

In the governmental fund financial statements, bonds and other long-term obligations are not recognized as liabilities until due. Governmental fund types recognize debt premiums and discounts, as well as issuance costs and deferred amounts on refunding, during the current period. The face amount of debt issued is reported as other financing source

ORANGE COUNTY PUBLIC SCHOOLS
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2023

while discounts on debt issuances and deferred amounts on refunding are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures. In the government-wide financial statements, compensated absences (i.e., paid absences for employee vacation leave and sick leave) are accrued as liabilities to the extent that it is probable that the benefits will result in termination payments. A liability is reported in the governmental fund financial statements only for the portion due and payable at year-end.

OPEB is reported in the government-wide financial statements. The District subsidizes the premium rates paid by Non-Medicare eligible retirees by allowing them to participate in the health plan at the blended group premium rates for both active and retired employees. OPEB is recorded by the District for the implicit subsidy for Non-Medicare eligible retirees because, on an actuarial basis, their current and future claims are expected to result in higher costs to the District than those of active employees. The District funds OPEB on a pay-as-you-go basis.

The District makes healthcare available but no longer pays any portion of the healthcare benefits for Medicare eligible retirees. As a result, no health care experience for this group, whether favorable or unfavorable, would reflect on the cost of insurance to the District. Additional information on OPEB is described in a subsequent note.

In the government-wide statement of net position, pension liabilities are recognized for the District's proportionate share of each pension plan's net pension liability. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pension, and pension expense, information about the fiduciary net position of the Florida Retirement System (FRS) defined benefit plan and the Health Insurance Subsidy (HIS) defined benefit plan and additions to/deductions from the FRS's and the HIS's fiduciary net position have been determined on the same basis as they are reported by the FRS and HIS plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value.

Changes in long-term debt for the current year are reported in a subsequent note.

Fund Balance Flow Assumptions

Sometimes the District will fund outlays for a particular purpose from both restricted and unrestricted sources (the total of restricted, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, assigned, and unassigned fund balance in the governmental fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the District's procedure to consider restricted fund balance to have been depleted before using any of the components of unassigned fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, assigned fund balance is depleted first, followed by unassigned fund balance.

Fund Balance Policies

Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The government itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance). The Board does not have a policy regarding the commitment or assignment of fund balances; however, by resolution, the Board has given the ability to assign fund balance to the Superintendent and the Chief Financial Officer. The District does not have commitments imposed by formal action of its highest level of decision-making authority and, as such, the District does not report any committed fund balance.

ORANGE COUNTY PUBLIC SCHOOLS
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2023

Amounts in the assigned fund balance classification are intended to be used by the government for specific purposes. The District also assigns fund balance when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget.

State Revenue Sources

Revenues from State sources for current operations are primarily from the Florida Education Finance Program administered by the Florida Department of Education (the Department) under the provisions of Section 1011.62, Florida Statutes. In accordance with this law, the District determines and reports the number of full-time equivalent (FTE) students and related data to the Department. The Department performs certain edit checks on the reported number of FTE and related data, and calculates the allocation of funds to the District. The District is permitted to amend its original reporting for a period of 5 months following the date of the original reporting. Such amendments may impact funding allocations for subsequent years. The Department may also adjust subsequent fiscal period allocations based upon an audit of the District's compliance in determining and reporting FTE and related data. Normally, such adjustments are treated as reductions or additions of revenue in the year when the adjustments are made.

The State of Florida (the State) provides financial assistance to administer certain categorical educational programs. State Board of Education rules require that revenue earmarked for certain programs be expended only for the program that the money is provided, and require that the money not expended as of the close of the fiscal year be carried forward into the following year to be expended for the same categorical educational programs. The Department generally requires that categorical educational program revenues be accounted for in the General Fund. A portion of the fund balance of the General Fund is restricted in the governmental funds' financial statements for the balance of categorical educational program resources.

The State allocates gross receipts taxes, generally known as Public Education Capital Outlay money and School Hardening grants, to the District on an annual basis. The District is authorized to expend these funds only upon applying for and receiving an encumbrance authorization from the Department.

A schedule of revenue from State sources for the current year is presented in a subsequent note.

District Property Taxes

The Board is authorized by State law to levy property taxes for district school operations, capital improvements, and debt service. Property taxes consist of ad valorem taxes on real and personal property within the District. The Orange County Property Appraiser determines the real and personal property values within the District. The Orange County Tax Collector then collects the taxes and remits them to the District.

The Board adopted the fiscal year 2022-23 tax levy on September 13, 2022. Property values are assessed as of January 1 each year. Tax bills are mailed in October and taxes are payable between November 1 of the year assessed and March 31 of the following year at discounts of up to 4% for early payment.

Taxes become a lien on the property on January 1 and are delinquent on April 1 of the year following the year of assessment. State law provides for enforcement of collection of personal property taxes by seizure of the property to satisfy unpaid taxes, and for enforcement of collection of real property taxes by the sale of interest-bearing tax certificates to satisfy unpaid taxes. The procedures result in the collection of essentially all taxes prior to June 30 of the year following the year of assessment.

ORANGE COUNTY PUBLIC SCHOOLS
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2023

Property tax revenues are recognized in the government-wide financial statements when the Board adopts the tax levy. Property tax revenues are recognized in the governmental fund financial statements when the District receives taxes, except the revenue that is accrued for taxes collected by the Orange County Tax Collector at fiscal year-end but not yet remitted to the District. Because any delinquent taxes collected after June 30 would not be material, delinquent taxes receivable are not accrued and no delinquent tax revenue deferral is recorded.

Millages and taxes levied for the current year are presented in a subsequent note.

Federal Revenue Sources

The District receives Federal awards for the enhancement of various educational programs. Federal awards are generally received based on applications submitted to, and approved by, various granting agencies. For Federal awards for which a claim to these grant proceeds is based on incurring eligible expenditures, revenue is recognized to the extent that eligible expenditures have been incurred.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the financial statement date and the reported amounts of revenues and expenses or expenditures during the reporting period. Actual results could differ from those estimates.

Impact of Recently Issued Accounting Principles

The District implemented GASB Statement No. 96, *Subscription-Based Information Technology Arrangements*, effective July 1, 2022. The requirements of this Statement provide guidance on the accounting and financial reporting for Subscription-Based Information Technology Arrangements ("SBITAs") for government end users (governments). This Statement (1) defines a SBITA (2) establishes that a SBITA results in a right-to-use subscription asset-intangible asset- and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, included implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA. To the extent relevant, the standards for SBITAs are based on the standards established in Statement No. 87, *Leases*, as amended. The District has recorded SBITA assets and liabilities as a result of implementing GASB 96. The SBITA assets are initially measured at an amount equal to the initial measurement of the related SBITA liability plus any SBITA payments made prior to the subscription term, less SBITA incentives, and plus any ancillary charges necessary to place the SBITA into service. The SBITA assets are amortized on a straight-line basis over the life of the related contract. SBITAs which are based on variable payments (or user seats) are not recorded as subscription assets or liabilities and are expenses as incurred. Notes 4 and 6 provide SBITA assets and liabilities recorded.

Recently Issued Accounting Pronouncements with Potential Future Impact-Not Yet Adopted

The GASB issued Statement No. 101, *Compensated Absences*. This Statement requires that liabilities for compensated absences be recognized for (1) leave that has not been used and (2) leave that has been used but not yet paid in cash or settled through noncash means. A liability should be recognized for leave that has not been used if (a) the leave is attributable to services already rendered, (b) the leave accumulates, and (c) the leave is more likely than not

ORANGE COUNTY PUBLIC SCHOOLS

to be used for time off or otherwise paid in cash or settled through noncash means. Liabilities for certain types of compensated absences—including parental leave, military leave, and jury duty leave— are not be recognized until the leave commences. The Statement establishes guidance for measuring a liability for leave that has not been used, generally using an employee’s pay rate as of the date of the financial statements. The requirements of this Statement are effective for fiscal years beginning after December 15, 2023, and all reporting periods thereafter. Management is currently evaluating the impact of the adoption of this Statement on the District’s financial statements.

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets, level 2 inputs are significant other observable inputs, and level 3 inputs are significant unobservable inputs. The District's recurring fair value measurements are valued using quoted prices for similar assets or liabilities in active markets (level 2 inputs).

Certain investments are measured at fair value using the net asset value per share (or its equivalent) practical expedient or amortized cost, which approximates fair value. These amounts have not been classified in the fair value hierarchy. The District invests in these types of investments to obtain competitive market returns while ensuring the safety and liquidity of the portfolio. These types of investments may be redeemed without advance notice and there are no unfunded commitments for further investment. There are currently no limitations as to the frequency of redemptions; however, Florida PRIME has the ability to impose restrictions on withdrawals should a material event occur. Detailed information on the withdrawal restrictions that may be imposed and Florida PRIME's responsibilities should such an event occur is described in Section 218.409(8)(a), Florida Statutes.

Interest Rate Risk

District policies limit the maturity of investments to a 5-year weighted average life as a means of limiting its exposure to fair value losses arising from rising interest rates. Also, at least 3 months of average disbursements should be invested in highly liquid funds with a maturity range of 0-90 days.

The District has \$585,373,389 in obligations of the United States Government Sponsored Agencies/Federal Instrumentalities, Corporate and Municipal Bonds. These securities include embedded options to call the entire security or a portion thereof, at the option of the issuer; or, depending on market conditions, the issuer may decide to leave the security intact, at the stated interest rate, until final maturity. These securities have various call dates with final maturity dates being January 2037.

At June 30, 2023, the District's investments had the following maturities:

For the governmental activities, compensated absences, pensions and other postemployment benefits are generally liquidated with resources of the General Fund. The estimated insurance claims are generally liquidated with resources of the Internal Service Funds.

9. Fund Balance Reporting

GAAP provides for two major types of fund balances for governmental funds, which are nonspendable and spendable. Nonspendable fund balances are balances that cannot be spent because they are not expected to be converted to cash or they are legally or contractually required to remain intact. Examples of this classification are prepaid items, inventories, and principal (corpus) of an endowment fund. The District reports its inventories and prepaid items as nonspendable and does not have any nonspendable funds related to endowments.

In addition to the nonspendable fund balance, GAAP provides a hierarchy of spendable fund balances, based on spending constraints.

Restricted - Fund balances that are constrained by external parties, constitutional provisions, or enabling legislation.

Committed - Fund balances that contain self-imposed constraints of the government from its highest level of decision making authority such as school board resolutions.

Assigned - Fund balances that contain self-imposed constraints of the government to be used for a particular purpose.

ORANGE COUNTY PUBLIC SCHOOLS
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2023

Unassigned – Fund balance of the general fund that does not have a constraint for any particular purpose. General fund is the only fund that reports a positive unassigned fund balance amount.

The District has classified its fund balances with the following hierarchy:

Nonspendable: The District has inventories totaling \$2,596,092 that are classified as nonspendable.

Spendable: The District has classified the spendable fund balances as *Restricted, Assigned and Unassigned* and considered each to have been spent when expenditures are incurred. The District does not have a policy regarding the commitment or assignment of fund balances; however, by resolution, the Board has given the ability to assign fund balance to the Superintendent and the Chief Financial Officer. The District does not report any *Committed* fund balance. When restricted, assigned, and unassigned funds are available for use, the District's procedures are to use the restricted funds first, followed by the assigned funds and then the unassigned funds last.

Restricted for State Categorical Programs, State Grants, Food Service, Debt Service and Capital Projects:

Federal Laws, Florida Statutes and local ordinances require that certain revenues be specifically designated for the purposes of state categorical programs, food service, debt service, and capital projects. These funds have been included in the restricted category of fund balance. The restricted fund balances totaled \$2,565,926,905 and represented \$4,649,529 in State categorical programs, \$34,265,085 in Post-Secondary schools rollover budget, \$3,077,257 in State Grants, \$93,377,888 in food service, \$17,844,023 in student activities, \$155,561,090 in debt service and \$2,257,152,033 in capital projects.

Assigned for School Operations and Other Purposes:

The assigned fund balances totaled \$399,080,569. For the General Fund, the Chief Financial Officer of the Board has assigned the OPEB liability of \$53,789,485; Board Projects of \$191,758,358; and K-12 School Rollover Budgets of \$46,592,345. Also, for the General Fund, the District reports as assigned outstanding purchase obligations of \$13,621,791 that have not been previously reported as restricted and \$82,221,029 needed to eliminate expected expenditures over expected revenues in the subsequent year budget approved by the Board. In addition, \$11,097,561 of positive fund balance in non-General Funds that has not been reported as nonspendable or restricted is reported as assigned fund balance.

Unassigned:

The unassigned fund balance for the General Fund is \$107,608,952.

13. State Retirement Programs

Florida Retirement System. The Florida Retirement System (FRS) was created in Chapter 121, Florida Statutes, to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the Deferred Retirement Option Program (DROP) under the defined benefit plan and amended in 2000 to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. This integrated defined contribution pension plan is the FRS Investment Plan. Chapter 112, Florida Statutes, established the Retiree Health Insurance Subsidy (HIS) Program, a cost sharing multiple-employer defined benefit pension plan, to assist retired members of any state- administered retirement system in paying the costs of health insurance.

Essentially all regular employees of the District are eligible to enroll as members of the State-administered FRS. Provisions relating to the FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112, Part IV, Florida Statutes; Chapter 238, Florida Statutes; and FRS Rules, Chapter 605, Florida Administrative Code; wherein eligibility, contributions, and benefits are defined and described in detail. Such provisions may be amended at any time by further action from the Florida Legislature. The FRS is a single retirement system administered by the Florida Department of Management Services, Division of Retirement, and consists of the two cost-sharing, multiple-employer defined benefit plans and other nonintegrated programs. A comprehensive annual financial report of the FRS, which includes its financial statements, required supplementary information, actuarial report, and other relevant information, is available from the Florida Department of Management Services' Web site (www.dms.myflorida.com).

The District's FRS and HIS pension expense totaled \$153,646,327 for the fiscal year ended June 30, 2023.

FRS Pension Plan

Plan Description. The FRS Pension Plan (Plan) is a cost-sharing multiple-employer defined benefit pension plan, with a DROP for eligible employees. The general classes of membership are as follows:

- *Regular*— Members of the FRS who do not qualify for membership in the other classes.
- *Elected County Officers*— Members who hold specified elective offices in local government.
- *Senior Management Service* — Members in senior management level positions.
- *Special Risk*— Members who are employed as law enforcement officers and meet the criteria to qualify for this class.

Employees enrolled in the Plan prior to July 1, 2011, vest at 6 years of creditable service and employees enrolled in the Plan on or after July 1, 2011, vest at 8 years of creditable service. All vested members, enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of service, except for members classified as special risk who are eligible for normal retirement benefits at age 55 or at any age after 25 years of service. All members enrolled in the Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service except for members classified as special risk who are eligible for normal retirement benefits at age 60 or at any age after 30 years of service. Employees enrolled in the Plan may include up to 4 years of credit for military service toward creditable service. The Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The Plan provides retirement, disability, death benefits, and annual cost-of-living adjustments to eligible participants.

**ORANGE COUNTY PUBLIC SCHOOLS
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2023**

DROP, subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the Plan to defer receipt of monthly benefit payments while continuing employment with an FRS participating employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate, except that certain instructional personnel may participate for up to 96 months. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

Benefits Provided. Benefits under the Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the five highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average of the 8 highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement class to which the member belonged when the service credit was earned. Members are eligible for in-line-of-duty or regular disability and survivors' benefits. The following chart shows the percentage value for each year of service credit earned:

<u>Class, Initial Enrollment, and Retirement Age/Years of Service</u>	<u>% Value</u>
<i>Regular Class members initially enrolled before July 1, 2011</i>	
Retirement up to age 62 or up to 30 years of service	1.60
Retirement at age 63 or with 31 years of service	1.63
Retirement at age 64 or with 32 years of service	1.65
Retirement at age 65 or with 33 or more years of service	1.68
<i>Regular Class members initially enrolled on or after July 1, 2011</i>	
Retirement up to age 65 or up to 33 years of service	1.60
Retirement at age 66 or with 34 years of service	1.63
Retirement at age 67 or with 35 years of service	1.65
Retirement at age 68 or with 36 or more years of service	1.68
<i>Elected County Officers</i>	3.00
<i>Senior Management Service Class</i>	2.00
<i>Special Risk</i>	3.00

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the FRS before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3 percent per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3 percent determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3 percent. Plan members initially enrolled on or after July 1, 2011 will not have a cost-of-living adjustment after retirement.

(A) Employer rates include the post-employment health insurance supplement of 1.66% and .06% for administrative costs of the Public Employee Optional Retirement Program.

(B) Contribution rates are dependent upon retirement class in which reemployed.

The District's contributions to the Plan totaled \$108,030,191 for the fiscal year ended June 30, 2023.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At June 30, 2023, the District reported a liability of \$898,336,927 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2022. The District's proportionate share of the net pension liability was based on the District's 2021-22 fiscal year contributions relative to the 2021-22 fiscal year contributions of all participating members. At June 30, 2022, the District's proportionate share was 2.41 percent, which was an increase of 0.06 percent from its proportionate share measured as of June 30, 2021.

Actuarial Assumptions. The total pension liability in the July 1, 2022 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.40 percent
Salary Increases	3.25 percent, average, including inflation
Investment rate of return	6.70 percent, net of pension plan investment expense, including inflation

ORANGE COUNTY PUBLIC SCHOOLS
NOTES TO BASIC FINANCIAL STATEMENTS

Mortality rates were based on the PUB2010 base table which varies by member category and sex, projected generationally with Scale MP-2018. The actuarial assumptions used in the July 1, 2022, valuation were based on the results of an actuarial experience study for the period July 1, 2013, through June 30, 2018.

The long-term expected rate of return on pension plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions, and includes an adjustment for the inflation assumption. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation (1)</u>	<u>Annual Arithmetic Return</u>	<u>Annual (Geometric) Return</u>	<u>Standard Deviation</u>
Cash	1.0%	2.6%	2.6%	1.1%
Fixed Income	19.8%	4.4%	4.4%	3.2%

Note: (1) As outlined in the Plan's investment policy

Discount Rate. The discount rate used to measure the total pension liability was 6.7 percent. The Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate. The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 6.7 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.7 percent) or 1-percentage-point higher (7.7 percent) than the current rate:

Payables to the Pension Plan. At June 30, 2023, the District reported \$0 for the outstanding amount of contributions to the Plan required for the fiscal year ended June 30, 2023.

HIS Pension Plan

Plan Description. The HIS Pension Plan (HIS Plan) is a cost-sharing multiple-employer defined benefit pension plan established under section 112.363, Florida Statutes, and may be amended by the Florida Legislature at any time. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Division of Retirement within the Florida Department of Management Services.

Benefits Provided. For the fiscal year ended June 30, 2023, eligible retirees and beneficiaries received a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS Plan benefit, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which may include Medicare.

Contributions. The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal year ended June 30, 2023, the contribution rate was 1.66 percent of payroll pursuant to section 112.363, Florida Statutes. The District contributed 100 percent of its statutorily required contributions for the current and preceding 3 years. HIS Plan contributions are deposited in a separate trust fund from which payments are authorized. HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event the legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or canceled.

The District's contributions to the HIS Plan totaled \$19,949,886 for the fiscal year ended June 30, 2023.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At June 30, 2023, the District reported a net pension liability of \$337,764,042 for its proportionate share of the HIS Plan's net pension liability. The current portion of the net pension liability is the District's proportionate share of benefit payments expected to be paid within one year, net of the District's proportionate share of the pension plan's fiduciary net position available to pay that amount. The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2022. The District's proportionate share of the net pension liability was based on the District's 2021-22 fiscal year contributions relative to the total 2021-22 fiscal year contributions of all participating members. At June 30, 2022, the District's proportionate share was 3.19 percent, which was an increase of .08 percent from its proportionate share measured as of June 30, 2021.

For the fiscal year ended June 30, 2023, the District recognized pension expense of \$18,694,192 related to the HIS Plan. In addition, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Salary Increases	3.25 percent, average, including inflation
Municipal Bond Rate	3.54 percent

Mortality rates were based on the Generational PUB-2010 with Projection Scale MP-2018; details in valuation report.

Discount Rate. The discount rate used to measure the total pension liability was 3.54 percent, which is an increase from 2.16 percent used at the preceding measurement date. In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for

benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the HIS Plan sponsor. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate. The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 3.54 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.54 percent) or 1-percentage-point higher (4.54 percent) than the current rate:

Defined Contribution Pension Plan

The District contributes to the FRS Investment Plan (Investment Plan), a defined contribution pension plan, for its eligible employees electing to participate in the Investment Plan. The Investment Plan is administered by the SBA, and is reported in the SBA's annual financial statements and in the State of Florida Comprehensive Annual Financial Report.

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined-benefit plan. District employees participating in DROP are not eligible to participate

in the Investment Plan. Employer and employee contributions, including amounts contributed to individual members' accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular Class, Senior Management, etc.) as the FRS defined benefit plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Costs of administering the Investment Plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.06 percent of payroll and the forfeited benefits of Investment Plan members. Allocations to the investment member's accounts during the 2022-23 fiscal year were as follows:

<u>Class</u>	<u>Percent of Gross Compensation</u>
FRS, Regular	11.91
FRS, Elected County Officers	57.00
FRS, Senior Management Service	31.57
FRS, Special Risk Regular	38.65

For all membership classes, employees are immediately vested in their own contributions and are vested after 1 year of service for employer contributions and investment earnings. If an accumulated benefit obligation for service credit originally earned under the FRS Pension Plan is transferred to the Investment Plan, the member must have the years of service required for FRS Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Nonvested employer contributions are placed in a suspense account for up to 5 years. If the employee returns to FRS-covered employment within the 5-year period, the employee will regain control over their account. If the employee does not return within the 5-year period, the employee will forfeit the accumulated account balance. For the fiscal year ended June 30, 2023, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the District.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided; the member may either transfer the account balance to the FRS Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the FRS Pension Plan, or remain in the Investment Plan and rely upon that account balance for retirement income.

The District's Investment Plan pension expense totaled \$39,954,523 for the fiscal year ended June 30, 2023.

14. Other Postemployment Benefits

Plan Description. The other postemployment benefits plan is a single-employer defined benefit plan administered by the District. Pursuant to the provision of the Section 112.0801, Florida Statutes, employees who retire from the District, and eligible dependents, may continue to participate in the District's health and hospitalization plan for medical and

prescription coverages. The postemployment healthcare and life insurance plan does not issue a stand-alone report, and is not included in the report of a public employee retirement system (PERS) or another entity.

Funding Policy. The District funds the postemployment benefit on a pay-as-you go basis. Contribution requirements of the plan members and the District are established and may be amended by the Board. Effective October 1, 2014, once the participant or spouse attains age 65, the District does not continue coverage. Postemployment healthcare and life insurance are optional benefits available through the District after retirement, but retirees must pay the full premium. Therefore, there is no liability to the District for these benefits. For the fiscal year 2022-23, retiree contributions totaled \$4,618,536, which represents 0.47 percent of covered payroll. No assets are accumulated in an irrevocable trust.

Employees Covered by Benefit Terms.

Total OPEB Liability. The District's total OPEB liability of \$53,789,485 was measured as of June 30, 2023 and was determined by an actuarial valuation as of June 30, 2023.

Actuarial Assumption and Other Inputs. The total OPEB liability in the June 30, 2023, actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Actuarial Cost Method	Entry Age Normal
Discount Rate	3.54% increasing to 3.65% as of the end of the measurement period
20-Year Municipal Bond Rate	3.65%
Salary Increases	4.0%
Inflation Rate	2.0%
Mortality Rates	2010 Teachers Retirees Headcount-Weighted Mortality , projected generationally with scale MP-2021
Healthcare Cost Trend Rate	4.5% decreasing to 4.0% as of the end of the measurement period

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment and termination, mortality, and the healthcare cost trends.

Projection of benefits for financial reporting purposes are based on the substantive plan provisions, as understood by the employer and participating members, and include the type of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employer and participating members. The actuarial methods and assumptions used include techniques that are designed to reduce the effect of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

16. Risk Management Programs

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District relies on sovereign immunity and therefore does

not procure general liability or automobile insurance. Other lines of coverage are being provided on a self-insured basis subject to specified retentions. The District has contracted with claims administrators to administer these self-insurance programs, including the processing, investigating and payment of claims.

A liability was actuarially determined to cover estimated incurred but not reported insurance claims payable at June 30, 2023. Liabilities for incurred losses to be settled by fixed or reasonably determinable payments over a long period of time are reported at their present value using an investment yield rate of 1.5% as determined by a review of the District's interest rates received from intergovernmental pooled investment funds and government securities. These liabilities are \$13,901,236 at June 30, 2023. Settled claims resulting from the risks described above have not exceeded into the excess commercial insurance coverage in any of the past three fiscal years.

The District provides employee group health and life insurance. The group health plan is self-insured through the Employee Benefits Trust and life insurance is obtained through a commercial carrier. Under these plans, the Board contributes employee premiums as fringe benefits to employees. The employees pay a portion of the costs in the two premium group health plans while the District pays all of the employee costs in the two basic group health plans. Premiums for coverage provided for employee dependents and retirees and their dependents are paid in advance by the employee or retiree. These plans provide for maximum premiums based on the number of participants and individual or family coverage. The group health plan is administered by third-party administrators that are reimbursed by the District from a detailed record of services provided. There is no stop loss protection on the group health plan. The District has different funding arrangements with each of the groups that reimburse the claims and healthcare expenses. The District reported an estimated unpaid claims liability of \$20,500,000 in the Internal Service Fund for the group health insurance program as of June 30, 2023.

The following schedule represents the changes in the claims liability for the past two fiscal years for the District's self-insurance programs:

	June 30, 2022 Beginning Fiscal Year-End	Current-Year Claims and Changes in Estimates	Claims Payments	June 30, 2023 Ending Fiscal Year- End
2021-22	\$ 31,603,052	234,844,533	(232,984,696)	\$ 33,462,889
2021-23	\$ 33,462,889	256,107,926	(255,169,579)	\$ 34,401,236

17. Litigation and Contingencies

The District is a defendant in numerous lawsuits as of June 30, 2023. It is the opinion of management, after giving consideration to the District's related insurance coverage, as well as the Florida statutory limitations on governmental liabilities on uninsured risks, that the amount of loss resulting from litigation would not be material to the financial position of the District.

Amounts received or receivable from grantors are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by grantors cannot be determined at this time although the District expects such amounts, if any, to be immaterial.

- Notes:
- (1) Basis of Presentation. The Schedule of Expenditures of Federal Awards represents the amounts expended from Federal Programs during the 2022-2023 fiscal year as determined based on the modified accrual basis of accounting. The amounts reported on the Schedule have been reconciled to and are in material agreement with amounts recorded in the District's accounting records from which the basic financial statements have been reported.
 - (2) Donated Food Assistance - National School Lunch Program. Includes \$ 19,016,617 of USDA-donated foods used during the 2022-23 fiscal year. Commodities are valued at fair value as determined at the time of donation.
 - (3) Grant Contingency. The grant revenue amounts received are subject to audit and adjustments. If any expenditures are disallowed by the grantor agencies as a result of such an audit any claim for reimbursement to the grantor agencies would become a liability of the District. In the opinion of management, all grant expenditures are in compliance with the terms of the grant agreement and applicable federal and state laws and regulations.
 - (4) Noncash Assistance - Child and Adult Care Food Program. Includes \$ 730,740 in Cash in Lieu of Donated Foods used during the 2022-23 fiscal year.
 - (5) Public Assistance. Following a Presidential declaration of a major disaster or emergency, FEMA (CFDA 97.036) awards grants to assist affected entities with the response to and recovery from such disasters or emergencies. In fiscal year 2023 FEMA approved \$1,344,287 eligible expenditures for reimbursement for personal protective equipment for COVID.
 - (6) The District did not elect to utilize the 10% de minimis indirect cost rate.
